DIGITAL MICROSCOPE PRODUCT LINEUP

Product description

WiFi/Wireless digital microscope support to output through WiFi and USB port with high resolution true 2MP and polarizer built in. The innovative capture microtouch on camera body will make it easy to take the capture with any shaking blur.

Model Name	#DM023A 2MP WiFi Polarizer Microscope
Polarizer built-in	Yes
Image sensor	1/3" CMOS Image Sensor
Sensor resolution	2M pixels (1920*1088)
Magnification on 24"monitor	10x~200x
Max. frame	25fps@2MP
Connection type	WiFi to Smart Devices/ USB 2.0 to PC
Supported operation systems	iOS 12.0 or later, Android 4.2 or later, Windows 7/8/10,macOS 11.2.1 or above
APP for smart devices	Topscope Pro
APP languages	Basically automatically adjust according to your smart device's language
PC Software support four display concurrent	Yes
PC Software with measurement	Yes
Capture microtouch on the camera body	Yes
Recording button on the camera body	Yes
Illumination	Dimmable LED ring illuminator(8pcs SMT White LED)
Battery rechargeable and replacement	Yes
Battery working time	Continue working for 2.5 hours
Charging time	2.5hrs (WiFi Digital Microscope power off)
Accessories	USB cable,rechargeable battery,CD,calibration ruler,metal stand,Quick Start Guide
Body dimension	16.6x4.5x4cm

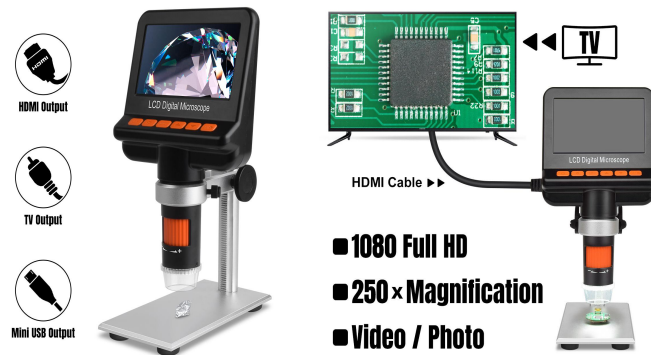

WiFi/Wireless digital microscope designed especially for the inspection of skin or scalp. Support WiFi and USB port with high resolution true 2MP to work. The innovative capture microtouch on camera body will make it easy to take the capture with any shaking blur.

Product description

LCD digital microscope support to output through USB/HDMI/TV port with high resolution true 5MP and polarizer built in, which perform great job for some reflective object inspection like metal, diamon, jewelry etc.,

Model Name	#DM042 12MP LCD Microscope
Screen size	4.3 inch
Polarizer built-in	Yes
Image sensor	1/2.8" CMOS Image Sensor
Sensor resolution	5M pixels (2592*1944)
Max.resolution by digital zoom	12MP
Magnification on 21"monitor	10x~250x
Max.magnification by digital zoom	1200x
Connection type	USB 2.0 to PC/HDMI port to monitor/TV port to monitor
Supported operation systems	Windows 7/8/10,macOS 10.14 and above
PC Software with measurement	Yes
PC Software support four display concurrent	Yes
Illumination	Dimmable LED ring illuminator(8pcs SMT White LED)
Battery rechargeable and replacement	Yes
Battery working time	Continue working for 2 hours
Accessories	USB cable,HDMI cable,TV cable,rechargeable battery,CD,calibration ruler,metal stand
Body dimension	235x123x65mm

LCD digital microscope support to work alone or work with computer through USB connection,which is with polarizer built in and perform great job for some reflective object inspection like metal, diamon, jewelry etc.,
